## *Forward*

Odisha is one of the biodiversity-rich and mineral-rich states in the country. It owns different forest types according to the geographic areas. According to the sources, there are more than 29000 villages established in and around the forests of the state. Similarly, as per the Census 2011, the state of Odisha has the third highest percentage of tribal population in the country. They constitute 22.85% of the total population of the state and contribute 9.17% to the total tribal population of the country. Being an organization established in Sundargarh a tribal-dominated district, in the western part of Odisha we feel proud to work for the socio-economic, education, and health sectors of the Schedule Tribe community particularly.

As per international sources, more than 80% of the global food supply is produced by small and marginal farmers, especially those living in developing countries. And, in the meantime the indigenous grains, millets have been increasingly recognized as the future crops, to ensure food security, especially in the context of deforestation, global warming, and climate change impacts. Looking at the above contexts SEWAK has played a crucial role in establishing conservation and management of indigenous crops, nutrition supply through indigenous food as well livelihood development to the farmers in the recent past. Looking at the development of small and marginalized farmers different projects are being implemented by involving WSHGs, Producer Groups, and individuals too. In this context, many barren, unproductive, and unused lands are planted with horticultural and forest plants where intercropping plays a key role in income generation. Similarly, degraded forest lands are planted under the project connected with the Forest, Environment, and Climate Change Department. We believe it will significantly reduce the human pressure on forests to some extent.

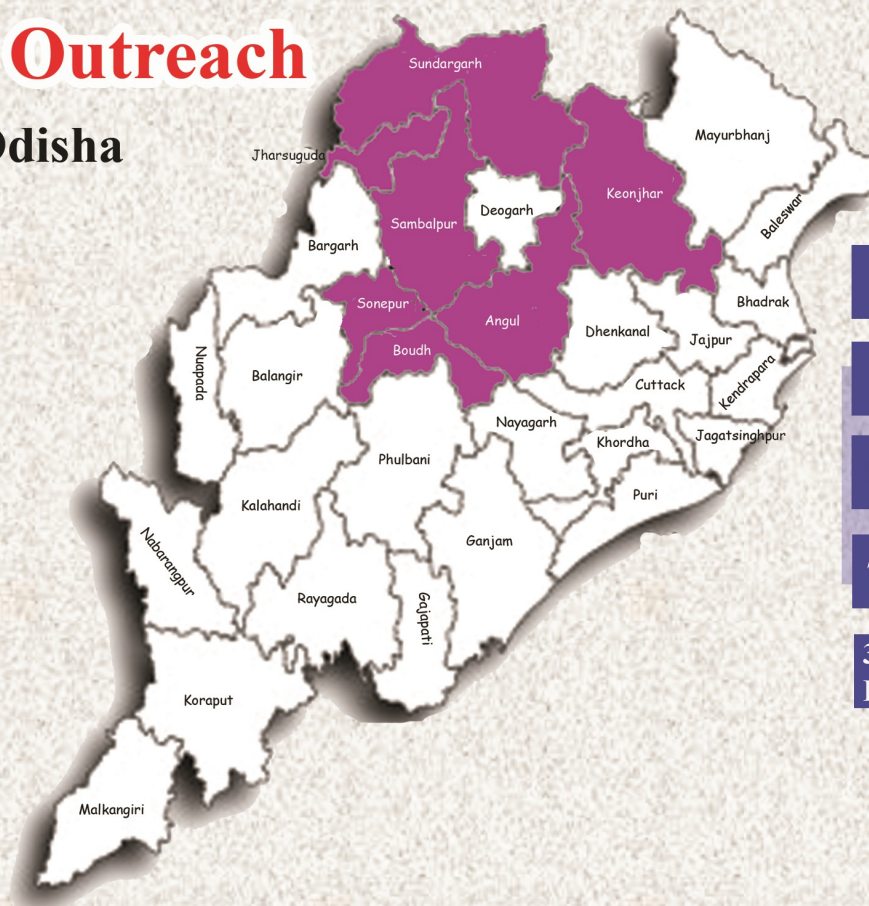

Facilitating the tribal and forest-dwelling communities for right and ownership to the land, water, and forest resources under the FRA, 2006 is an opportunity to establish their identity, and cultural heritage, and implement different government schemes and facilities. SEWAK, being an old player in facilitating FRA is still working on the conversion of forest village to revenue village status in any areas.

Last but not least it will be a misdemeanor if we do not mention and offer our sincere gratitude to the donors, local communities, and government officials for their support. It would not have been possible without the support of our dedicated team, and the guidance of the board members and well-wishers.

### MISSION

*We visualize a society in which people are self-reliant, possess equal rights and opportunities and take responsibilities for their action.*

### VISION

*We endeavor to educate rural and tribal communities on rights, generate among them awareness on health and environment, train them in entrepreneurial skill and encourage them to find sustainable livelihood.*

### VALUES

- Non- Violence
- Equity
- Accountability
- Transparency

## *From the Desk of the Leaders.....*

We are honored to present the Annual report of SEWAK for the year 2022- 23. This report encapsulates our journey, achievements, and the impact we've collectively made in the lives of those we serve. As we reflect on the past year, it is evident that our commitment to our mission has driven us to overcome challenges and create positive change in our community.

Our journey over the past year has been one of resilience, innovation, and collaboration. We have faced unexpected hurdles, but each obstacle has only strengthened our determination to create a better world. Together with the support of our dedicated team, valued partners, and generous supporters, we have been able to navigate through uncertain times and continue our efforts towards the development of the vulnerable communities of Odisha.

Our achievements stand as a testament to the dedication of our team and the unwavering belief in our cause. The impact of our work can be seen in the smiles of those whose lives we've touched and the communities we've empowered.

Looking ahead, we are excited about the possibilities that the future holds. As we continue to evolve and adapt, we remain committed to our core values and principles. Our focus on sustainability, inclusivity, innovation, etc. will guide us as we navigate the evolving landscape of our work.

In closing, we want to express our deep gratitude to every member of SEWAK Parivar, our team, partners, supporters, and the communities we serve. Together, we have made a difference, and together, we will continue to create a positive change.

Thank you for being a part of our journey, and we look forward to the continued collaboration that will shape the future of SEWAK.

With heartfelt gratitude,

Pradeep Kumar Brahma  
Secretary

AmiyaKanta Naik  
Chairman

## About the Organisation : *Legal Status*

- IGR Registration No: 21907/85 of 2004-05, Registered by Registrar of Societies, Odisha under Societies Registration Act XXI of 1860, (Against Sundargarh District Registration No:-SDG- 1407/32 of 1995-96/, dated: 15-05-1995).

- Registered under Foreign Contribution Regulation Act of 1976, Registration number:-105070045, dated 16-01-2002 renewed on 17-03-2022

- Registered under the U/S 12 AA Income Tax Exemption Act of 1961, Registration number- AADTS5956NE20221

- PAN Card Number :- AADTS5956N

- Registered under 80G Income Tax Act. Registration Number: AADTS5956NF20216

- GST Number: 21AADTS5856N2ZZ

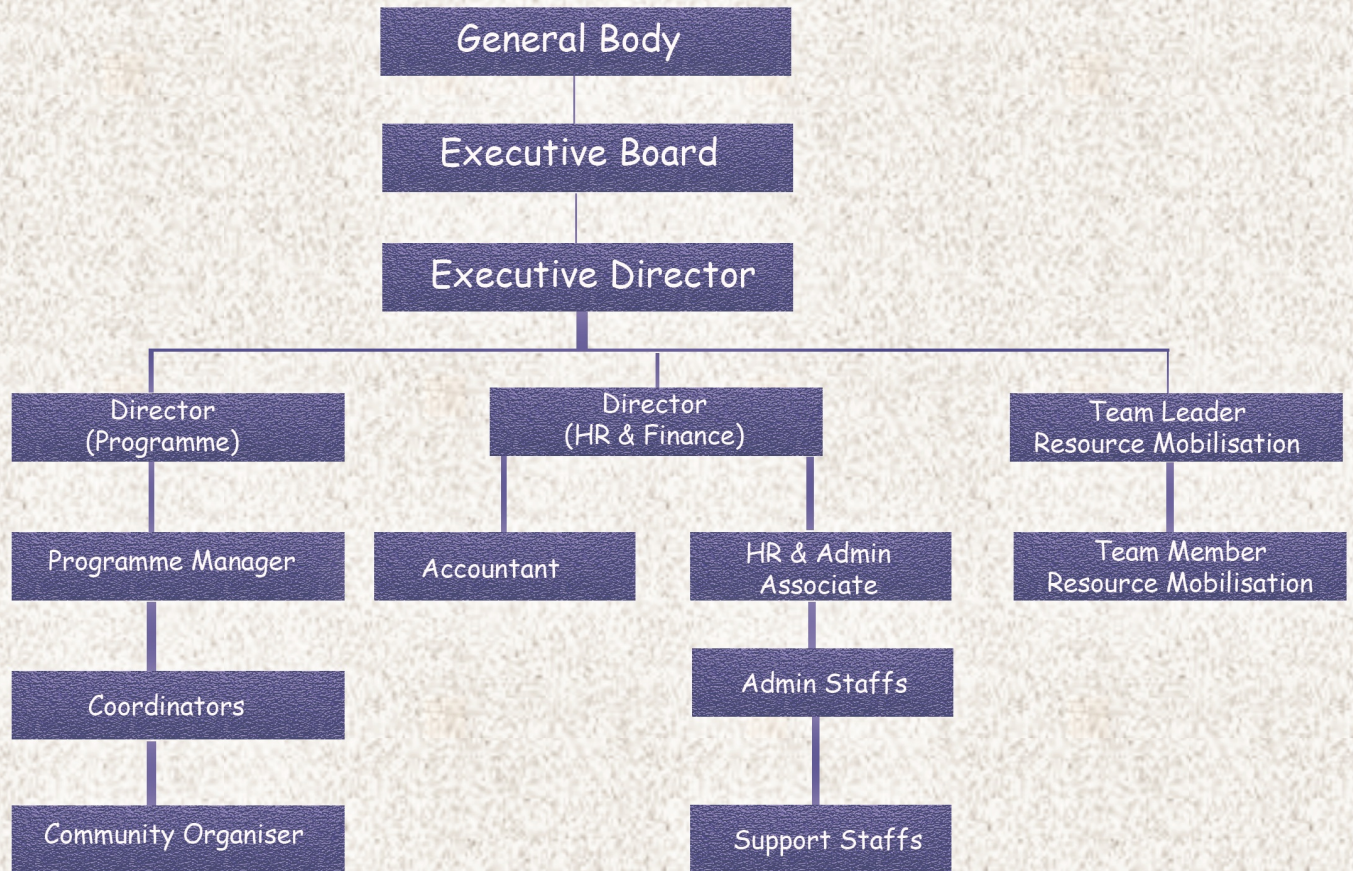

## Infrastructure

- SEWAK Headquarters, located in Rangiamunda, occupies a lush 2-acre complex. This hub includes well-appointed office spaces, comfortable guest accommodations, a recreational room for leisure activities, three air-conditioned conference halls of varying sizes, and a fully-equipped catering unit. The entire facility benefits from comprehensive CCTV surveillance for security and peace of mind.
- The Rural Resource Centre (RRC) at Mahulpali serves as a residential training hub. It features professional office spaces, a hostel for trainees, two air-conditioned conference halls with capacities of 60 and 30 attendees, and a well-maintained canteen offering a variety of meal options.
- A state-of-the-art Computer Training Institute is operational within the Head Office complex, offering advanced courses and skill development opportunities in information technology. A fleet of two-wheelers and four-wheelers is at the disposal of the staff, facilitating efficient and reliable transportation for official duties.
- The library boasts a collection of over 10,000 volumes in English, Hindi, and Odia, catering to a wide range of interests and supporting the continuous learning and development of our staff.

2	Targeted Intervention (TI) on HIV/AIDS.	OSACS Bhubaneswar.	Rourkela, and Bonai.	66 MSM 423 FSW 158 TG	Continuing Since 2008
3	KALIKA KENDRA	DMF, Sundargarh	8 GP of Hemgir Block	6 month to 3 year children.	Continuing Since 2021
4	Urban Health & Wellness Centre	NUHM, Sundargarh	Ward no 7,8,9 of Sundargarh Municipality	People of all age groups	Continuing Since 2021
5	KSHAMTA KENDRA	SAATHI	All 30 districts of Odisha	All TI project Staffs (41 TI & 7 LWS)	Continuing since 16 <sup>th</sup> August 2022

at dangajore village, OTELP PLUS, ITDA, KUCHINDA, PNGO-SEWAK, Bamr

## About the project

- Starting date: 1st April 2013
- Area Coverage : 13 Blocks of Sadar & Panposh Sub division (2 ITDAs of Sundargarh district)
- GPs : 159, Villages : 401
- HHs : 9624
- Targeted Group- Marginal ST Farmers, Tribal SHGs

# Mission Jibika

## Goal

“Sustainable Food Security and Poverty alleviation of marginalized ST through Farm base, Non-Farm base & Off-Farm base activities”

## Objectives

- To improve the level of income in comparison to the existing income.
- To improve the position of Orchard assets and water body based on NRM.
- Promoting IGA among SHGs.
- Improving livelihood through Agro-Horti. & NTFP based Micro-enterprises.

## Major Achievements

- Enhanced agricultural productivity across 6608.95 acres in Sundargarh (7465 households) and Panposh (2159 households) through 13 diverse farming activities, including vegetables, pulses, oil seeds, and millets.
- Established 91 production clusters in Sundargarh and 27 in Panposh under ITDA, positively impacting 9,624 Scheduled Tribe farmers.
- Developed over 1096.15 acres of WADI and orchards, enhancing local agriculture and biodiversity.
- Advanced sustainable agriculture by introducing mushroom cultivation in 37 rural households, empowering women through low-input, high-output farming practices.
- Generated 535,116 person-days of employment in Sundargarh and 16,134 in Panposh under MGNREGS, bolstering local economies.
- Initiated broiler farming in 235 households, diversifying income sources and enhancing food security.

# ODISHA MILLET MISSION

## About project

Starting date & year of the project- 1st July 2020  
Area coverage – Balisankara & Tangarpali block of Sundargarh district and Kirmira block of Jharsuguda district

- GP- 38, Village- 183
- Total Farmers- 3011
- Target Group- Small & Marginal Farmers

## Objectives of the Project

- Increasing household consumption by setting up decentralized processing unit at- Panchayat and Village level.
- Improving productivity through adoption improved agronomic practices
- Increasing availability of millet seeds through community seed center with focus on local varieties
- Strengthening of Farmer Producers Organization (FPO) for better Marketing of Millets.
- Including of Millet in State Nutrition Programmes and the PDS.

## Major Achievements

- ★ Expanded millet cultivation to 970.2 hectares by engaging 3226 farmers in sustainable agricultural practices.
- ★ Adopted System of Millet Intensification (SMI) by 314 farmers and line transplantation techniques by 688 farmers, enhancing crop yields.
- ★ Achieved a substantial millet production of 5517 quintals, reflecting successful agricultural practices.
- ★ Organized 14 food festivals, effectively reshaping dietary habits and promoting healthier eating choices among the community.
- ★ Successfully preserved 52 quintals of millet seeds at the Community Seed Center, ensuring seed security and biodiversity.
- ★ Enabled 22 progressive millet farmers to earn substantial incomes, each exceeding ₹0.5 lakhs, demonstrating the economic viability of millet farming.

# CHHEDLAGAN FARMERS PRODUCERS COMPANY LIMITED (CFPCL)

## About project

- Starting date:- July 2016
- Area Coverage- 6 blocks of Sundargarh & one block of Keonjhar District (*Lephripara, Sadar, Tangarpali, Subdega, Bargaon Kutra & Telkoi*)
- Target Groups- Landless, Small & Marginal Farmers

## Objective of the Project

- To enable the shareholders to access to better market for their agricultural and allied produces and to derive the best possible prices for their produces.
- To evolved CFPCL as a one of the most competent producer company to provide one stop services to its members and shareholders.
- To provide various inputs and services to its members at reasonable price through its own shop and service Centre having technically competent professional.

## Achievements

- Our shareholder base of 759 individuals includes our valued Farmers Producers Organizations (FPOs), which play a vital role in our mission.
- CFPCL has successfully facilitated the marketing of 5826.47 Quintals of a diverse range of vegetables, including cabbage, tomato, potato, and cauliflower, adding significant value to the local agriculture market system.
- In addition to vegetables, CFPCL has also marketed 477.57 quintals of groundnut, 1443.5 quintals of watermelons, 678.5 quintals of millets, 370.47 quintals of brown rice, 23.52 quintals of badi, and 20.5 quintals of pulses, 227.86 quintals of mango, 376.77 quintals of Vermi compost, contributing to the growth and diversification of the agricultural sector.
- The total turnover of Chhedlagan Farmers Producers Company Limited stands at an impressive 1.92 Crores, reflecting the substantial impact of our efforts in supporting and promoting local agriculture.

# **“Livelihood Enhancement of people Through WADI Model in mining affected block of Sundargarh district”**

## **About project**

- Starting date:- 31st July 2020
- Area Coverage- Kutra & Rajgangpur Block
- GP- 13, Village- 23
- UVS- 23 // WADI Patch : 30
- Targeted Group- 400 Small & Marginal Farmers

## **Objectives**

- To promote sustainable, participatory livelihood development through the “WADI” orchard model.
- To best use of the available land type and climatic condition.
- To improve the standard of living of project families leading to reduction in poverty through a regular source of income from their less/ unutilized wasteland.
- To rejuvenate the local natural environment in a comprehensive manner.
- To bring improvement in their social and economic status.

## **Major Achievements**

- Remarkably transformed 968.87 acres of barren wasteland into thriving Fruit Orchards.
- Empowered 400 farmers through intercropping on 320 acres, leading to a sustainable income source.
- Generated a staggering 76,994 person-days of work in the fiscal year 2022-23, becoming a cornerstone in ensuring livelihoods and bolstering economic stability within the community.
- Fortified the backbone of 23 Community-Based Organizations (Udyan Vikash Samiti).

## AGRICULTURE PRODUCTION CLUSTER (APC)

### About project

- Sundargarh, Angul, Keonjhar districts (4 APC clusters)
- 12,000 Small and Marginal Farmers : 101 villages
- 97 Producer Groups
- Major focus area are:- Agriculture, Horticulture, Livestock

### Objectives

- The project will trigger growth in farm sector with the objective of sustainably doubling income of 12000 small and marginal farmers by establishing Agriculture Production Clusters (APCs) in concerned block.
- Introducing the farmer to the modern farming ideas and technology in order to skill and strengthen them.
- Providing on field and off field support to the farmer and making them aware and familiar about the Government schemes.

### Major Achievements

- 11214 Farmers cultivated vegetable in 2023 hectares of land for a sustainable source of income, adding significant value to their lives.
- Fruit Orchard spanning 311.63 hectares of land by 166 households.
- Rs.1,97,28,000/- generated through a variety of convergence activities.
- 43 households engaged in pisciculture activities for economic growth.
- 71 households engaged in Mushroom cultivation .
- The installation of 14 new solar-powered Cold storage facilities in the project area.
- The irrigation of 544 acres of land through the Community River Lift Project (CRLP) & 520.5 acres through Micro Irrigation (Drip & Sprinkler) sets the stage for double crop cultivation.
- Rs.7,25,72,080/- generated through a variety of convergence activities.

## Cluster Based Business Organisation (CBBO)

### About project

- ✓ Starting date:- 1st April 2021
- ✓ Area Coverage- 5 Districts (Sundargarh, Sonapur, Boudh, Jharsuguda & Keonjhar)
- ✓ 19 Blocks- 19 FPOs and 1 PODF FPO (20 FPOs)
- ✓ Target Groups- Landless, Small & Marginal Farmers

### Objectives

- Formation of new FPOs to facilitate development of vibrant and sustainable income-oriented farming and for overall socio-economic development and wellbeing of agrarian communities.
- To enhance productivity through efficient, cost-effective and sustainable resource use and realize higher returns through better liquidity and market linkages for their produce and become sustainable through collective action.
- To provide handholding support to new FPOs up to 5 years from the year of creation in all aspects of management of FPO, inputs, production, processing and value addition, market linkages, credit linkages and use of technology etc.
- To provide effective capacity building to FPOs to develop agriculture entrepreneurship skills to become economically viable and self-sustaining beyond the period of support from government.

### Major Achievements

- ◆ 19 FPOs have collectively empowered 5700 shareholders. Successfully collected share equity amounting to ₹41.50 lakhs, establishing a strong foundation for the sustainability of FPOs.
- ◆ The project achieved a total turnover of ₹120 lakhs, yielding a profit of ₹2 lakhs and facilitating credit linkages worth ₹100 lakhs.
- ◆ 6 FPOs have been selected as Community Based Organizations (CBOs) under the CDP-MLIP project.
- ◆ 8 FPOs registered on the Electronic National Agriculture Market (ENAM) platform.
- ◆ 6 FPOs have registered with the Agricultural and Processed Food Products Export Development Authority (APEDA).
- ◆ 5 FPOs received Self Input Licenses.
- ◆ Empowered 800 women by establishing women-centric FPOs in Sundargarh & Keonjhar Districts.
- ◆ Conducted capacity building and exposure visits for over 8000 farmers, focusing on advanced agricultural practices and sustainable farming.
- ◆ Expanded market reach by establishing trade links with markets in Kolkata, Bhubaneswar, and Chhattisgarh.

# Odisha Tribal Empowerment & Livelihood Programme Plus (OTELP+)

## About project

- 2 ITDAs ( Kuchinda & Champua )
- 2 blocks ( Joda & Bamra )
- 39 villages
- 4200 ST Households
- Focus Area:- Micro enterprises, Vegetable cultivation, Livestock.

## Objectives

- To build the capacity of marginal groups.
- To enhance the access of poor tribal people to natural resources & increase its productivity.
- To encourage and facilitate off farm enterprises.
- To ensure the basic entitlements of tribal households.

Latitude: 22.059991  
Longitude: 84.282104  
Elevation: 306.32±9 m

## Major Achievements

- Transformed 87 hectares of previously barren land into flourishing areas with Cashew and Mango trees.
- Implemented staggered trenches and land development across 130 hectares to control soil erosion, convert infertile land into fertile grounds, improve farming, and preserve natural resources.
- Created 79,756 man-days of employment, injecting a total of Rs. 17,546,320 into the local economy, benefiting livelihoods and fulfilling wage needs.
- Enhanced economic opportunities by training Self-Help Groups (SHGs) in various enterprises such as Puffed Rice production, paper cup and plate making, poultry farming, and goat rearing.
- Provided aid to vulnerable Scheduled Tribe households by helping them establish grocery shops, tiffin centers, ladies' corner stores, repair shops, and tailoring businesses.
- Supported 250 farmers with high-quality seeds and fertilizers under the "Mo Badi Phala Bagicha" initiative, promoting enhanced agricultural productivity.

# Crop Diversification Programme In Mega Lift Irrigation Projects (CDPMLIP)

## About project

- Starting year of the project- 2022
- Nos of Cluster- 2  
( Lephripara, Tangarpali and Sadar Block)
- Toal GP: 6, Village:16
- Target Group- 945 farmers

## Objective of the Project

Objectives-Replacing paddy crop with less water consuming alternative crops to save water and protect soil health & increase farmer benefit.

## Major Achievements

- ✓ Successfully conducted capacity-building programs for 945 farmers, transitioning from paddy to non-paddy crops.
- ✓ Achieved diversification in crop cultivation, with non-paddy crops such as vegetables and spices cultivated over 452 hectares, oil seeds over 212 hectares, maize over 75 hectares, and pulses over 247 hectares.
- ✓ Organized a total of 35 farmer awareness meetings, enhancing knowledge and engagement in agricultural best practices. Successfully executed 5 roadshows, increasing community outreach and promoting sustainable agriculture practices.

# SEWAK COMPUTER CENTRE

## About project

- Starting date & year of the project- 2009
- Nos of Centre- 2 ( Rangiamunda & Hemgir)
- Target Group- School & College student, Unemployed youth, Non Students etc.

## Goal of the Project

To Develop Urban as well as Rural Youth in smart use of digital tools, technology, communication skills, soft skills with adaptive thinking so as to help them succeed in new careers by riding over the megatrends & thriving in these ecologies.

## Objective of the Project

To create new paradigm in education development through universalization and integration of IT & technology in teaching, learning and socio-economic transformative process in general.

## Major Achievements

- ✓ The Computer Centre experienced a total enrollment of 413 students during the 2022-23 academic year, out of which 360 successfully completed their courses.
- ✓ 9 computer students secured job placements upon completing their education, underscoring the institution's commitment to fostering career opportunities for its graduates.

## Climate Change & Natural Resource Management (NRM)

# Odisha Forestry Sector Development Project (Phase-II)-(OFSDP-II)

## About project

- Starting date & year of the project:  
1st December 2017
- Area coverage – 156 Van Surakhya Samiti (VSS) in 5 Forest ranges of Sundargarh Forest Division
- Target Group- VSS members, Forest Dependent, Forest Dweller, SHG Members, Poorest of Poor Households

## Objective of the Project

- Restore degraded forest and augment forest resources through people's participation.
- Secure sustainable forest management by improving forest administration, community organization and other stakeholders.
- Conservation and scientific management of the Biodiversity.
- Promoting inter sectoral convergence for enhanced livelihood.
- Improve income of the target forest dependents.

## Major Achievements

- Jhurimal VSS of Ujalpur FMU won the Statelevel Biju Patnaik Best VSS Award and launched the first VSS-level website in India, funded by their resources.
- 4024 women in 156 VSS actively engaged in diversified Income-Generating Activities, including Mushroom cultivation, Vermi Compost preparation, Vegetable cultivation, Poultry farming and more.
- Over a three-year period, 112 VSS remained free from forest fire incidents, safeguarding the forest ecosystem from potential devastation.
- The mobilization efforts have led to increased income opportunities for the 14360 poor, poorest of poor & forest dependent households through the collection and sale of NTFP like- Sal seeds, Mahua flower, wild mushrooms, uplifting their economic status.
- P-NGO team mobilized 2058 members of 156 VSS for Farm Forestry activities, covering 958.27 hectares.
- Over the last 5 years, Rs. 62.85 crores were generated through convergence efforts, benefitting 16,263 households across 156 VSS, enhancing economic empowerment and community resilience.
- Distributed Rs. 29,31,6400 from VSS revolving fund, supporting 555 Self-Help Groups, 55 Common Interest Groups, and 53 Poorest of Poor households for income-generating activities.
- With successful motivation and consistent hand-holding support, Phuldhudi, renowned as the Mushroom Village, and Katra-Budabahal transformed into the Pointed Gourd Village.

# Facilitation of Community Forest Right (CFR)

## About project

- Starting date & year of the project :  
1st January 2022
- Area coverage – Nine Blocks of Sundargarh & One Block of Jharsuguda district
- Target Group- Scheduled Tribes & Other Traditional Forest Dwellers(OTFD)

## Objectives of the Project

Empower village assemblies to secure their rights to customary forests under the Forest Rights Act. Build capacity to replicate and upscale recognition of community land and forest rights in 9 blocks of Sundargarh dist. & 1 block of Jharsuguda dist. Establish robust systems for socio-ecological monitoring of community lands and forests.

## Major Achievements

- Through the FRA Special Drive program, the target of reaching 630 villages and covering all 17 blocks was successfully achieved with the support of other CSOs. This extensive effort facilitated the awareness campaign about the Forest Rights Act and CFR Act across the district.
- In 647 villages, activities such as form filling, FRC formation, mapping, and coordination with government officials were carried out.
- Out of 47 CR villages, 9 CFR villages are planned for conversion into Revenue villages by the District Administration.

## MICRO WATERSHED DEVELOPMENT PROJECT

### About project

- Starting date & year of the project : 15th January 2015.
- Area coverage – 2817.13 HHs of 5 villages of Masabira & Gundiadihi GP (Sundargarh)
- Target Group- Landless, Women headed families, destitute women, SHGs, Small and marginal Farmers, FRCs, PRIs.

### Objective of the Project

Watershed management for proper use of land and water resources for optimum production with minimum hazard to natural resources and to keep the nature in normal position.

### Major Achievements

- ✓ Rainwater harvesting, utilizing methods like WAT, CCT, SCT, MCD, Farm Ponds, Percolation Tanks, and Earthen Dams, yielded substantial results with 14,908,285 liters in 2018-19, 45,239,166 liters in 2019-20, 49,367,249 liters in 2020-21, and 49,378,788 liters in 2021-22.
- ✓ In collaboration with ITDA, 498 households received support, including vegetable seeds, pulses, livestock, and poultry, enhancing their sustainable livelihoods.
- ✓ Ridge area drainage lines treated by 80 Land-based Structures (LBS) and 1033 Stone Gully Plugs (SGP) increased moisture content in lowland areas.
- ✓ Masabira, Dhangergudi, Budapahad, and Sahebdera witnessed two to three crops after Watershed project intervention, attributed to increased soil moisture content.

# Health & Nutrition

# MAA GRUHA-Maternity Waiting Home

## About project

- Supprt Agency: NHM Sundargarh and Sambalpur & DMF, Sundargarh
- Established in the Year 2013.
- 10 MWH in 2 districts
- 09 MWH in Sundargarh district
- 01 MWH in Sambalpur district
- 12 bedded MaaGruha

## Objective

- To establish alternative support infrastructure for addressing communication problems in different tribal pockets for ensuring institutional delivery.
- To increase institutional delivery in the difficult tribal pockets.
- To provide the care to the baby and mother for seven days after discharge from Hospital after delivery.
- To ensure the exclusive breast feeding.

## Major Achievements

- Enrolled 98% of pregnant women (2,295 out of 2,335) from rural Maa Gruha centers, showcasing the extensive reach of our program.
- Provided quality care to 370 clinically high-risk pregnant mothers, ensuring their and their unborn children's well-being.
- Reached 99 geographically high-risk mothers in the most remote areas, improving healthcare access in underserved regions.
- Enrolled 962 lactating mothers in Maa Gruha, focusing on comprehensive health for mothers and infants and promoting breastfeeding.
- Achieved a 95% institutional delivery rate (2,181 out of 2,295), highlighting our commitment to safe childbirth practices.
- Maintained an 85% bed occupancy rate in Maa Gruha centers, indicating efficient use of healthcare resources and effective patient care.
- Provided 100% free government transportation services to all pregnant mothers, enhancing access to healthcare and supporting maternal and child health.

## Kalika Kendra (Creche Programme)

### About Project

- Support agency- DMF Sundargarh
- Starting date & year of the project- 01.05.2021
- Area coverage :( 15 - Villages, 8 -GP of Hemgir Block)
- HHs- 2766
- Population- 10912
- Target Group- 6 month to 3 year children.

### Objectives

- To take care of children, in the age group of six months to three years, of mothers going out for agricultural labour and wage work for eight hours a day.
- To improve the health and nutritional status of children by providing complementary feeding and services for health promotion.
- To demonstrate hygiene practices such as hand washing for children, food and water handling, feeding and preparing nutritious foods at home to the mothers.

### Major Achievements

- ✿ Enrolled 4,170 children in 15 Kalika Kendra centers for the 2022-23 academic year, providing access to health, hygiene, nutrition, and daycare services, paving the way for a brighter future.
- ✿ Successfully reduced the prevalence of Moderate Acute Malnutrition (MAM) from 39% to 0% through improved nutrition and timely immunization, ensuring children's ongoing health.
- ✿ Witnessed improved school attendance and academic progress among the elder siblings of enrolled children.
- ✿ Encouraged parents to save for their children's future through Sukanya Samridhi Yojana, enhancing financial security for their children.
- ✿ Significantly reduced the incidence of Child Marasmus disease, contributing to the prevention of child mortality and improving the health and safety of children.

# TARGETED INTERVENTION ON HIV/AIDS

## About Project

- Starting date:- 1st October 2008
- Area Coverage- Rourkela & Bonai
- Targeted Group- HRGs (High Risk Groups)
  - Man having Sex with Man (MSM)
  - Female Sex Worker (FSW)
  - Transgender
- 423 FSW , 158 TG & 66 MSM

## Goal

Prevention of new infection and reduction of prevalence.

## Objectives

- Reduce new infections by 50% (2007 Baseline of NACP III)
- Comprehensive care, support, and treatment to all persons living with HIV/AIDS.

## Major Achievements

- ▶ Raised awareness about Sexually Transmitted Infections (STIs) and safe sex, leading to the distribution of 123,568 condoms.
- ▶ Conducted HIV testing for 672 Female Sex Workers, 77 Men who have Sex with Men, and 199 Transgender individuals, improving healthcare in these communities.
- ▶ Achieved 100% treatment and recovery rate for diagnosed STI cases through health camps, advocacy, and awareness meetings.
- ▶ Reduced violence during sexual activities among 90% of high-risk groups through discussions, promoting safer interactions.
- ▶ Supported high-risk groups in starting businesses like water bottle factories and paper plate companies, reducing engagement in risky behaviors and forming four Self-Help Groups and two Community-Based Organizations.
- ▶ Linked 90% of People Living with HIV with the Mahatma Gandhi Bunkar Yojana, helping them obtain essential documents for social benefits.
- ▶ Identified high-risk groups in 17 blocks of Sundargarh District for Prevention of Mother-to-Child Transmission activities, reinforcing our commitment to comprehensive healthcare.
